

June 2021

Dear Parents and Guardians

### **Trent College Library and Bookshop**

The Devonshire Library is a fantastic resource for all staff and students. There is a wide range of fiction and non-fiction books, which pupils can borrow, as well as computer and printing facilities.

The library also houses the School Bookshop. The shop caters for all age ranges and focuses on fiction, but we can order titles pupils may need for their academic work as well. During the year, we organise special events, such as visits by authors. Our aim is to encourage reading, rather than to make a profit, so we offer a 5% discount on all sales. We also have a stationery shop which sells basic stationery items as we have found a need to provide students with an opportunity to purchase such items at short notice at times during the academic year. A current price list is enclosed with this letter.

Payment for Bookshop and stationery items can be made on the termly account as well as in cash. Parental permission is obviously needed for pupils to pay on the termly account. We set a default limit of **£15 per term**, but this can be altered up or down as you wish.

**If you are happy with the default limit being set for your child, you do not need to contact me.**

If you would **not** like your child to purchase books from the Bookshop on the school bill, or would like to set a **different credit limit, please email** [librarians@trentcollege.net](mailto:librarians@trentcollege.net) giving the following details:

- I do not wish for books and stationery to be charged to my termly account.
- I do wish to allow books and stationery to be charged to my termly account, but would like to set the credit limit at £.....

**If we do not hear from you, we will assume that you are happy with the £15 termly ceiling.**

*Cont.*
